In accordance with section 29(2) of the Commonwealth *Native Title Act 1993 (Cth)* (NTA) the Department of Mines, Petroleum and Exploration (DMPE) provides this notice and a plan showing the location of lease/licence application/s that under the *Mining Act 1978 (WA)* may be granted over land and/or waters in respect of which you are a native title representative body. Arrangements have been made to publish this notice newspapers (including newspapers catering mainly or exclusively for the [interests](#) of [Aboriginal peoples](#) or [Torres Strait Islanders](#)).

DMPE considers that the grant of the lease/licence is a future act that attracts the expedited procedure pursuant to section 32(1) of the NTA. The expedited procedure applies if the grant of the lease/licence in relation to land or waters concerned is an act not likely to:

- interfere directly with the carrying on of the community or social activities of the persons who are holders of the native title in relation to the land or waters concerned;
- interfere with areas or sites of particular significance, in accordance with the traditions of the persons who are holders of the native title in relation to the land or waters concerned; and
- involve major disturbance to any land or waters concerned or create rights whose exercise is likely to involve major disturbance to any land or waters concerned.

In accordance with section 29(4)(a) of the NTA DMPE hereby advises that the "notification day" is **17 June 2026**.

Under section 30(1)(a) of the NTA, any person who is a registered native title claimant in relation to any of the land and/or waters that will be affected by the act becomes a native title party and is entitled to procedural rights in accordance with the NTA. A native title party may, within the period of four months after the notification day lodge an objection with the National Native Title Tribunal (NNTT) against the inclusion of the expedited statement in the notice. The four-month period closes on **17 October 2026**.

**Department of Mines,  
Petroleum and Exploration**

GOVERNMENT OF  
WESTERN AUSTRALIA

The NNTT will in due course advise the parties as to whether a native title party has lodged an objection to the expedited procedure within the four-month period.

If no objection is lodged then the lease/licence application can be granted. If an objection is lodged the NNTT will hold an inquiry to determine whether the act is an act attracting the expedited procedure. In the latter event the NNTT will advise you of the procedures that must be followed by the parties.

Should you require any further information on DMPE procedures then please contact Resource Access Branch on (08)9222 3518.

Yours sincerely

**Zoran Vukojevic**
